have already endorsed our call to action!

# WALKOUT!

## AGAINST THE WAR!

March 20th  
3:30pm

*Rally on UNCA Quad  
march downtown*

Every year, there have been protests marking the anniversary of the U.S.-led invasion of Iraq that was launched on the basis of lies and deceit. Students have historically had an especially important role in the struggles against racism and war, and we continue to do so today. Last March, over 80 high schools and colleges answered the call by chapters of Students for a Democratic Society to come together to send one loud resounding NO to the Bush administration and the Republican agenda, to the Democrats who refuse to carry out the mandate of their constituents, and to the University administrations that so often support war efforts.

This March, SDS is urging all students, as part of the broader community of people of conscience, to voice our opposition to the war in Iraq. As the presidential election nears, candidates need to be sent a clear message: we will not stand for vague time lines and empty promises, we will not tolerate sanctions, threats, and aggression against Iran, and that we will stand in solidarity with the Iraqi people who are struggling to liberate their country.

Get out of Iraq Now!
